SPACETALK kids' watch

Controls & Settings guide

The SPACETALK kids' watch is a smartphone, GPS tracker and watch all in one with features such as Safe Zone and Location on Demand designed with child safety in mind.

SPACETALK
Simply Safer Phones for Kids

What do I need?

SPACETALK watch, Allmytribe account and Sky Mobile subscription

Restrictions you can apply

Apps Access

Location sharing

Step by Step instructions

1. Getting started
2. Download the AllMyTribe app and set up an account
3. How to connect the SpaceTalk watch to the AllMyTribe app
4. How to add a contact
5. How to edit a contact
6. Adjust Location on demand
7. How do you set up school mode?
8. How to set up safe places?
9. How to Block unknown numbers
10. How to add an alert
11. How to edit an alert
12. How to set up reward stars for your child

1. Getting Started

1. Add Sim to the SpaceTalk watch and turn it on by holding down the power button

2. Download the AllMyTribe app and set up an account

1. The AllMyTribe app is available to download from the App Store and the Google Play store. Search AllMyTribe or SpaceTalk.

2. Once installed, register, set up and verify your AllMyTribe account to start using the app.

3. How to connect the SpaceTalk watch to the AllMyTribe app

1. Tap Start Using AllMyTribe.
2. On this screen, you can now add a device to your account. If you would like to do so, tap Add Device.
3. Check that you have the required information and then tap Continue.
4. Enter the mobile number and then tap Continue again.
5. A code will now be sent to the given mobile number. Enter the verification code and you will be automatically taken to the next screen
6. Enter the required details and then tap Continue
7. Read the Parent/Guardian Consent, ensure the required options are ticked and then tap Continue again.
8. On the screen, you can choose how to set up this device. For now, tap New device.
9. Enter the required details to add an SOS contact, then tap Continue.
10. Tap Finish.

This data is required to deliver the core features of the SpaceTalkWatch and ALLMYTRIBE app such as safe contact lists and safe zones based on the location of the watch wearer.
Watch data provided from within the EU is stored in the UK on secure UK servers. Watch data provided from within Australia is stored in Australia on secure Australian servers. SpaceTalkWatch UK is a subsidiary of Australian based MGM Wireless Holdings Pty Ltd. MGM security engineers and developers may from time to time access SpaceTalkWatch UK servers from Australia following strict security protocols.
I understand that my consent can be withdrawn at any time and any processing prior to withdrawal remains lawful.
